This form is required to assist CalVet in determining eligibility for burial in a California State Veterans Cemetery.

Eligibility determination allows a veteran to establish his/her eligibility for interment at a California State Veterans Cemetery. There is no cost for this determination and it does not obligate the veteran to be interred at the cemetery. Eligibility determination is intended to simplify and assist the veteran's next-of-kin. Eligibility determinations shall be made in accordance with federal regulations (38 CFR 38.620) and state regulations (CCR, Title 12, Sections 460-461). In certain circumstances, dependent children may also be eligible for interment. Please contact a State Veterans Cemetery for more information regarding dependent eligibility.

To register for eligibility determination, please submit the following:

- **Completed application form** – Be sure to sign and date the form after filling it out.
- **Copy of veteran's military discharge document** – This is most commonly a Form DD-214, but may be a different record, particularly for World War II and Korean war era veterans. The document(s) must show the veteran's name, dates of active duty military service, and type of discharge. A discharge certificate is not sufficient to establish eligibility. For help obtaining your DD-214 or discharge documents, contact your local County Veterans Service Office or a State Veterans Cemetery (contact information below).
- **Copy of marriage certificate** – If a spouse is applying for interment at a State Veterans Cemetery, a copy of the marriage certificate is required. If the certificate is in a foreign language, please provide a translation.
- **Copy of death certificate** – If the application is for a deceased veteran or spouse, provide a copy of the death certificate.

There is no interment fee for eligible veterans. There is an interment fee for eligible spouses and dependent children, which is due at time of interment. Any additional expenses associated with the interment (such as a burial permit and funeral home expenses) are the responsibility of the veteran and/or family.

Please note that at this time, the CCCVC in Seaside offers only interment of urns containing cremated remains in above-ground columbaria, and memorial plaques; future phases of the cemetery's development will include in-ground burials. The NCVV in Igo offers in-ground burials for caskets and urns, placement of urns in above-ground columbaria, and memorial headstones.

For questions or further information, please call the appropriate cemetery at the phone number listed below. Mail the completed application with supporting documents to the appropriate cemetery.

PRIVACY NOTIFICATION

The Information Practices Act of 1977 (Civil Code Section 1798.17) and the Federal Privacy Act (Public Law 93-579) require that this notice be provided when collecting personal information from individuals. The California Department of Veterans Affairs, Veterans Services Division, is requesting the information for the purposes of identification, and to determine eligibility for benefits under the provisions of California Code of Regulations, Title 12, §461. Individuals may visit the cemetery in which a person is interred (location and contact information shown above) to review their personal records during normal business hours. Providing the requested information is mandatory for interment in a State Veterans Cemetery. Failure to provide the requested information may result in the delay or denial of benefits.
